Vinay Kotiya

Next.js Developer | MERN Stack Enthusiast

Passionate Front-End Developer with hands-on experience in Next.js, NextAuth, React.js, ShadCN UI, and the MERN stack, specializing in building scalable, high-performance, and user-friendly web applications. Skilled at transforming Figma designs into responsive, pixel-perfect interfaces and enhancing user engagement with GSAP animations. Experienced in collaborating with Java Spring Boot backend teams, integrating RESTful APIs, and applying industry best practices in modern web development. Dedicated to delivering clean, maintainable code and turning creative ideas into impactful digital solutions.

- GSAP (GreenSock) for advanced animations
- Responsive & Interactive UI Design

Back End Development
- Node.js, Express.js, MongoDB

Tools & Technologies
- Git & GitHub, VS Code, Postman, npm
- Context API, Redux Toolkit, React Router

Other Skills
- Problem Solving, Debugging, UI/UX Thinking

Work Experience

Software Developer Intern
Vaistra Technologies, Porbandar
May 2025 – August 2025

- Built scalable web apps using Next.js, NextAuth, ShadCN UI, and modern JavaScript libraries.
- Converted Figma designs into responsive, pixel-perfect UIs.
- Integrated Java Spring Boot APIs for seamless frontend-backend communication.
- Collaborated in an Agile environment, participating in code reviews and sprint planning.

Frontend Developer – Hackathon Project
Skillsvarz 0.1 Hackathon, organized by Gravity Coding
March 2025 – April 2025

- Selected for Round 2 after delivering a functional, visually engaging restaurant website. Built a responsive full-screen UI with React.js, Tailwind CSS, and GSAP animations. Implemented animated menu categories, reservation form, and scroll-triggered virtual tour. Optimized for UX, clean design, and performance.
